

# Acceptable Use Policy for Sacred Heart Academy Technology Systems

*Revision 8/2016*

**The use of academy networks including the Internet is a privilege, and may be revoked at any time for any reason. SHA staff may also randomly review log files and documents stored on academy networks for appropriateness. In exchange for the use of academy provided Internet/network access and resources, I, the undersigned, understand and agree to the following:**

## **Technology Acceptable Use Policy**

Student use of technology must be in accord with the educational and spiritual mission of Sacred Heart Academy. School employees will take reasonable steps to ensure that student use of technology and information access through technology (such as the internet) is consistent with this mission. However, ultimate responsibility for their actions rests solely with the student, keeping focused on the use of technology as a tool to further educational goals. Students will be issued a school email account. Violation of Technology Acceptable Use Guidelines will result in the loss of privileges and disciplinary action under the school discipline code.

## **Acceptable Use Guidelines**

- The Code of Conduct applies to a student's on-line presence and activity as well.
- Due to continuous advancements in technology, additional restrictions and use guidelines may be instituted throughout the school year. If it becomes necessary to amend the Technology Acceptable Use Policy, parents and students will be notified by amendments. Any amendment instituted will also be visibly posted in the computer lab and on the school website.

**Sacred Heart Academy** will make determinations on whether specific uses of the Internet/network are consistent with the acceptable use policy. Violations of the guidelines will result in staff intervention or other disciplinary measures including but not limited to loss of all network access.
