

SHA Wish List gets a spring spruce up

New ukuleles for music instruction, a hand bell set, or a Ubi touch kit which turns any projector into a Smart Screen? How about headphones for use with the Chromebooks in Spanish class or desk chair pockets? These items—and many more—are among the items recently added to the SHA Wish List. To date this school year, donors have invested over \$18,000 in items on the Academy Wish List. Teachers and Staff Members at SHA add items to the “Wish List” which make learning engaging and fun at all grade levels. The list includes technology, furniture, software, and other “extras”. We welcome and appreciate any and all support. Following are the new items added. To purchase an item, or for information on how you can help, contact Connie McCann, Sacred Heart Director of Development, at (989) 772-1385 or cmccann@sha.net.
