November 3, 2016

Dear Community Supporter,

This is on behalf of the student organization, HOSA-Future Health Professionals the organization for whom, we, the undersigned, serve as the Presidents. Our organization's mission is to enhance the delivery of compassionate, quality health care by providing opportunities for knowledge, skill and leadership development of all Health Science Technology students in Gratiot and Isabella County. We are establishing ourselves as future health professionals. We have been given the opportunity to compete at the regional level in our Regional Leadership Conference in February and at the state level in our State Leadership Conference in April of 2017. The state winners will then have the opportunity to compete in the National Leadership Conference and competitive events in June.

For this endeavor, we have been working to raise funds that will allow us to prepare for our regional and state leadership/competitive events conference. It will give us enough finances to procure the resources and equipment that we need in order to be successful at the state level. It will also assist in our registration, hotel and travel expenses. Since the organization is still a comparatively small one, our funds are not very big and we function on a tiny budget. In order to raise funds we are asking for sponsorships and we would be grateful if you would join hands with us in this endeavor. We would like to display your advertising material at prominent places in return for your sponsorship. We would also be willing to have your name on our HOSA T-shirts. We have attached the agreements for the different levels of sponsorship. I am sure that this agreement would be one that is mutually beneficial to both parties involved.

Your establishment has quite a reputation in our community and it is known that you have made magnanimous gestures in the past in order to raise Health awareness in the community. This opportunity too, hopes to cater to that commitment of yours. Thank you and we hope you would consider this proposal.

Sincerely,

Zoe Zuehlke and Linde Bolle
