Homecoming 2024

Fr. Loren Kalinowski to serve as Grand Marshal

Sacred Heart Academy has a special place in the heart and life of Father Loren Kalinowski. For his 16 years of service, his generosity, and his devotion to the students at SHA, Fr. Loren has been named the Grand Marshal of the school's 2024 Homecoming celebration.

REV. LOREN KALINOWSKI

Over the years at Sacred Heart, Fr. Loren has been proud to be part of improvements at the Academy including the addition of the STEM Lab, the safety & security initiative, the growth of enrollment, and the success of SHAgala, just to name a few.

His favorite memories are times spent with the students in retreat, celebrating sacraments, and at athletic competitions. "We have had many celebrations in my time at Sacred Heart," Fr. Loren said. "The biggest ones seem to come when our student athletes bring home another State Championship banner."

Fr. Loren admits that leading the third largest parish and the only Pre-K through 12th grade school remaining in the Diocese has its challenges. "I've worked with some incredible people," he says, "Professionals who, along with me, were guided by God." Father says he and his team worked diligently to connect deeply with parents, alumni, and parishioners to benefit support of Sacred Heart Academy.

Although retiring from active priestly duties June 30, Fr. Loren plans to stay in central Michigan. "I have made many friends and I enjoy IRISH athletic competitions immensely. I want to reside in Mt. Pleasant and stay connected to the school," he says, adding that he will be available to help at the church when necessary as well.

All are invited to the Homecoming parade, game, and Alumni & Friends Reception on October 11, 2024 when Fr. Loren serves as Grand Marshal.

Alumnus of the Year

1984 graduate awarded top honor

Most people have no idea how much Michele Pacholka '84 Reinke does, and has always done, behind the scenes of our church and school to promote our Catholic faith and make things run smoothly. She is an angel who makes Holy Moments happen every day for people, especially those in need.

Here are just a few of her good works, which were listed on the form nominating her for the **ALUMNUS of the YEAR** award:

- She looks out for people in our parish who live alone, for example, Fr. Don; she helped him and his adopted sons over the years. She often checks in with older parishioners, assisting them in many ways.
- Her coordination/organization of the Altar Servers program for over 20 years, guided by Ed Wentworth. Plus her service as a Sacristan to the church.
- Michele's attendance & involvement in funerals for the elderly in our parish community. She has read at these funerals and often fills the role of Eucharistic Minister which is a blessing to the grieving families.
- Her involvement in nearly every year of SHAgala--checking coats and helping behind-the-scenes.
- Michele visited Marywood over the years to bring news, joy, prayer, and friendship to Sr. Thaddeus, Sr. Carmella, and Sr. Josine.

Michele has chaperoned retreats and church youth trips and assisted with sacrament programs for the church and school. After 25 years of teaching, she left the rigor of her fourth grade classroom and, in a leap of faith, assumed a Teacher's Aide position with the Kinder-Prep.

The IRISH fell in the Division 4 State final game, but not before they broke the school record for most wins (26) in a single season. Their final record was 26-2. Head Coach Justin Sherlock gave credit to finals opponent Wyoming Tri-Unity for their im-

pressive play, saying it was hard to overcome their experience and size. "I love [my team]," he said. "I'm proud of the effort they gave in the final game, and every game of our season."

Sacred Heart returns four of their starting five players next year.

Michele continues to help organize the Advent and Lent activities each year for the elementary school, including Shadow Stations of the Cross for the church and the school's Good Friday retreat. When school lets out each year, you can find her leading a Vacation Bible School segment. "My stack of t-shirts is quite colorful after so many years of VBS," Michele said. To this day, she continues to spend every Wednesday night teaching Religious Ed (CCD).

She is a faithful financial supporter of the school, the church, and the SHA Foundation. With each passing year, Michele continues to give her whole HEART to Sacred Heart.

Michele will be honored during Homecoming 2024 festivities, scheduled for October 11, when her high school class is also planning a 40-year reunion.

While cooped up during the pandemic, **Dominic Thrasher (Mikey Sheahan Stahl '98)** said he realized he had time to face a fear, be courageous, and follow a passion he wanted to pursue. While watching his dog, Sheriff, play with his sister's dog, CeCe, he gave them voices in his head. "The voices soon made it to the computer, and they became a children's book," Dominic said. "A couple of weeks later, I had a 10-book series written."

The Adventures of CeCe and the Sheriff is now published, and the goal is to release a new book every six months. The next one in the series is due in June 2024.

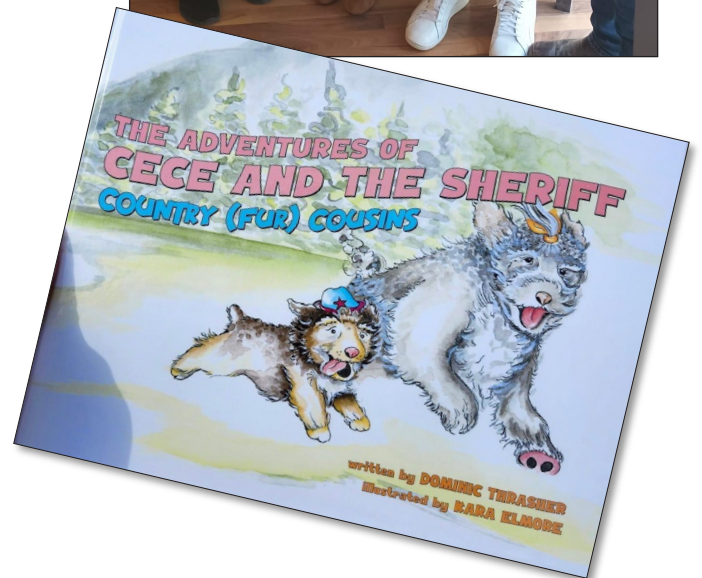

Dominic said he reconnected with **Kara (Albaugh '99) Elmore** on Instagram. "I had worked with Kara on another art project and wanted her to illustrate the book. She is insanely talented," Dominic said.

The book is written at a third-grade level but can be enjoyed by all ages. Each book purchase comes with a 3D theatrical audio book, so anyone can listen and follow along. More than 1,300 books have been sold to date, and Dominic has enjoyed more than 20 book readings and signings, with Kara sometimes joining him. Books are available for purchase at dominicthrasher.com. Look for the "Buy the Book" button.

Mark Kostrzewa '81 recently announced the release of his third CD of all original acoustic guitar works, WoodenHouse. Mark got into the music scene 15 or more years ago with the release of the CD 55 Miles in 2009 and From Ear to There, released in 2014. This third CD, he says, shows how ingrained he has become in the California Coastside/Bay Area music scene. "I must say WoodenHouse is a doozy of a CD with 15 tracks and over 57 minutes of music, professionally recorded and produced. [It is] music that comes from my heart with several fellow Coastside musicians joining me in support," he posted.

Below is a link directly to the album on iTunes. The album is also available on many of the streaming services including Pandora, Spotify, Amazon and more. <https://music.apple.com/us/album/wooden-house/1728979783>

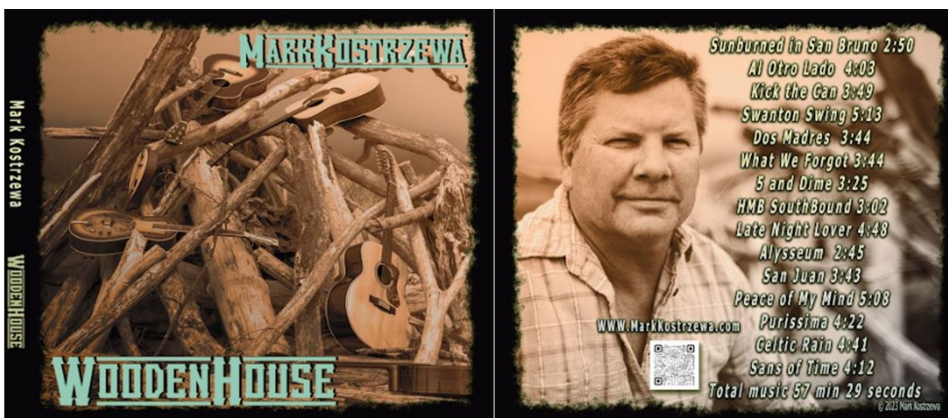

Reviewer Jean Bartlett said "Fingerstyle guitarist Mark Kostrzewa's new record WoodenHouse is 15 tunes and 57 minutes of flat out astonishing: guitar skill and tone with a breathtaking expanse of complex chording, separate bass lines and string rhythmicity, blends of Brazilian and Latin tempos, some scuttle blues, raga rock, mountain folktale, coastal wind and sand, and some cowboy grit. This is one of the best records out of anywhere because it takes you everywhere."

More of what makes the SHA Difference

Alumni give back

The ability to build true and real relationships is a huge part of what makes Sacred Heart Academy such an incredible place to see children grow, have a hand in shaping our future world, and create lifelong friendships. Fortunately, that hasn't just been true for my personal experience, but for many SHA alumni who continue to give back to our school by tutoring, working at SHA, coaching students on one of our exceptional sports teams, or sharing their special gifts and talents in one of 101 other special ways.

Over the last few school years, I've recognized more and more familiar faces that continue to find their way back to Sacred Heart Academy. Whether it is a recent alumna, like **Katie McDonald '22** (great grandfather **Fred 1918**), who works in our after-school latchkey program, or a recent hall of fame inductee like **Jeff Gepford '79** who is an assistant varsity softball coach and former head JV coach, our alums keep coming back. It's not just in the field or on the court either. Several alumni, such as our lovely school secretary, **Shelli Lannen '78 Sias** (**Mary Jeanne Buschle '48 & James Patrick Lannen '49**) and jack-of-all-trades, **Andy Theisen, Sr. '78** (**Bob '50, Gerald '26**), continue to support our school on

a daily basis. The dedication is almost overwhelming, and if I tried to

name everyone, I would surely miss one. Rest assured, we feel and appreciate your continued dedication, whether it is on the sideline, **Scott Pieratt '96**, or behind the scenes, **Tim Wentworth '79**.

Please know we appreciate each and every alum that continues to make Sacred Heart Academy a priority. YOU make the Sacred Heart difference real!

STEM Class

In the fall of 2023, Sandy Dubridge transitioned from her role as SHA's Academic Advisor & Assistant Principal to the classroom, where she filled a Biology teaching position left open when Jill Albaugh retired. Considering the number of open science teaching positions in the state, this not only helped SHA tremendously, but Sandy was able to return to her beloved vocation and academic roots in the classroom. In doing so, she brought nearly 20 years of teaching experience to help her create a new and exciting class which stimulates our students of all ages. The "STEM Class" not only gives our high school students the opportunity to learn about science through study and experiments, but the students actually take part in writing new labs as a graded assignment, then act as the lead teacher when sharing the hands-on labs with our elementary students.

Any time we can bring our primary and secondary students together, it is a winning opportunity!

A Sea of Red

March Madness brings out a “Sea of Red” at Sacred Heart Academy (not to be confused with the Red Sea that Moses parted).

It is no secret that we love sports at Sacred Heart Academy, but more than sports, we love our students. That makes for a great combination come March, especially with the caliber of boys and girls basketball that our teams have been playing. Chris Spachman of Buck 92.3 and My104.3 radio first coined the phrase “Sea of Red” in his radio broadcast during the beginning of the boys tournament season.

During every tournament game Chris made reference on the radio to the “sea of red” and how well our Irish fans travel, far and wide, to support our kids. Hundreds of red-clad fans were seen at Sacred Heart, Baldwin, McBain NMC, Houghton Lake, the Breslin Center at Michigan State and back to McBain NMC. The enthusiasm in the stands was palpable and contagious!

The student athletes may not know who you are, but they know that you are there. They know that there are so many fans who love Sacred Heart Academy, love athletics, and love supporting each of them.

Fans can make a difference in the outcome of the game. The energy and enthusiasm the crowd brings, the noise, and the support they provide all motivate our students to perform at high levels.

The bench uses the fan energy to hype up the players on the floor, sharing the confidence and enthusiasm of the crowd. It is something so incredibly special for our kids.

Sometimes at Sacred Heart Academy we can forget that half of all schools who begin each tournament never move on to a second game. We have truly been blessed by

On March 16, MSU’s Breslin Center hosted a SEA of RED when supporters showed up to cheer on the Sacred Heart IRISH in the D4 State Final basketball game.

great coaches, talent, work ethic, and a drive to be successful.

It takes so many groups to make truly great games. It takes players and coaches, volunteers at the door and in the concession stand, officials, scorekeepers, the choir and band, the athletic director, the custodians who keep the buildings visitor-ready, and anyone else willing to lend a helping hand. To all of you who fill these roles, thank you.

One last note about the “Sea of Red”..... Wouldn’t it be great if throughout each of our students’ lives they had their own “Sea of Red?” This “sea” would be a support system no matter what they encounter in life, the ups and downs, the good days and bad days, and the absolutely joyful days. We can be that for one another, fans from the bleachers, the church pew, the kitchen, the car, the other end of the telephone, or wherever else someone needs our support. We can cheer on our students, our neighbor kids, and any other youngster who crosses our path.

Thank you for always being there for our kids. They will never forget it.
