

## **College Application Week appreciation**

College Application Week at Sacred Heart Academy is an exciting and educational time for our senior students. The members of the Class of 2021 created resumes and learned about interview etiquette. Because of COVID restrictions, mock interviews and job shadow day looked a bit different this year. Mock interviews were offered by a group of Sacred Heart professionals, and job shadows were hosted via Zoom discussions. The seniors were able to enjoy a celebration breakfast and get advice from recent SHA grads who are current college students, courtesy of a Zoom panel discussion. The Academy is grateful to the many people who made time to help the seniors, and especially to Marie Richards, our Assistant Principal/Academic Advisor, who creates these opportunities and works hard to give the students real-life experiences. [Click here](#) for a complete list of professional participants.
