

Lenten Collection

We are doing something different this year for our Lenten collection. For three Mondays, **starting the first day back from spring break on Monday, April 1 through April 15**, students and staff are invited to bring in an item from a designated list in exchange for the privilege of wearing jeans on those Mondays. The collection will go to the Care Store (housed at the William and Janet Strickler Nonprofit Center, 1114 West High St.). They were very appreciative of our collection last year and were thrilled when we called and asked if we could help again this year. They provided a specific list of items that they need most. [The list may be found here.](#) Please, no tooth brushes and tooth paste as they have a supplier for those and have plenty available. Thank you for your support of such a worthwhile cause.
