

NHS Service Project

Mrs. Sandy Dubridge & Mr. Michael Stuart, SHA science teachers and National Honor Society (NHS) co-advisors, worked with the group to organize a fundraiser to benefit the Isabella County Restoration House (ICRH.) The NHS raised over \$600 on Tuesday, January 16, when they hosted a \$2 athletic-wear day for Sacred Heart teachers and students. NHS President and Vice-President, Ella McDonnell and Kate Liscomb, respectively, will use the proceeds from the day to help meet the needs of the shelter by purchasing cleaning supplies, personal care items, and food/snacks.

The ICRH is the area homeless shelter that provides emergency housing, meals, and helps individuals become self-sufficient. Over the Christmas holiday, many Sacred Heart parishioners, students, and their parents volunteered their time and talents at the homeless shelter.

If you're interested in volunteering or offering your support to the ICRH, please contact Kim Voisin at 989-400-4126 or reach out online at <https://www.icrhouse.org/>.
