Party Like it's 1999!

Because music is such an important part of our every day lives, it was fitting to use it as our theme for this year's Cor Jesu. Since there is a song about practically every event in our lives, it was easy to incorporate it into our memories of the 1998-99 school year. So, take some advice from a favorite song from the past and "Party Like It's 1999."

Bottom Left: Senior Steven Campbell gets a little crazy at the High School Awards Night. Steve can always be counted on for a laugh. He will surely be missed.

Cheeseburger in Paradise

Lunchtime is a fun time to relax, talk to your friends, and fill your stomach.

Mike Roberts, Matt Bellinger, and Nick Krueger hang out in the gym during lunch-time. After the students eat at the Parish Hall, they go to the gym and shoot baskets and talk to their friends.

This year Mrs. Chamberlain made sure that the students were given a wide variety of food and beverages. Tuma's Country Store made the trip over every day this school year to give the students a good, healthy, hearty meal. Steiner's Pizza Planet visited us on Monday and Tuesday to sell pizza to the students. Little Ceaser's Pizza brought over pizza and breadsticks on Wednesday and Thursday. And Pixie Pizza brought in a variety of food for the students to choose from on Fridays. The students were happy with the variety even though they could not go on the town to eat.

Above: Matt Rodgers and Dave Garrett search for a seat in the Parish Hall lunch room. On church days, the entire Junior High and High School ate together in the hall. It was very crowded sometimes.

Right: Tracy Szymula Todd Heintz, and Katie Beltnick just chillin' on the stage at lunch. Todd sure has a way with the ladies...

Come Together, Right Now!!!

"Our assemblies were fun this year, I especially enjoyed our class competitions"

Sam Schafer

Throughout the year we had many assemblies. Of course we had a lot to cheer about. Our athletic teams this year were outstanding. The football team started us out with a regional championship, followed by the girls basketball league title, volleyball league title, boys basketball league title, cheerleading regional championship, as well as a softball league and regional championship, baseball league championship, and an outstanding showing at track state finals.

Mathematics Awareness Day

On April 27, 1999, Sacred Heart participated in National Mathematics Awareness Month. Students in Miss Neitke's math classes Prepared presentations about the use of mathematics in the real world. The topics ranged from figuring your body mass index to playing games with decimals to performing knee surgery. Students visited throughout the day as did parents. All who came learned something new. In the afternoon, Kevin Rowley from Michigan Architectural Door, gave a presentation on how math is used in his job. He also brought along his kalidescope collection which was a big hit. It looks like Miss Netizke has created a new tradition at SHA.

Death by Chocolate

"I had so much fun this year with the drama club and I will miss everyone. Good luck next year!"
-Becky Rademacher

For the second year in a row the drama club successfully put on the play. "Death By Chocolate" was this year's production. The play was a murder-mystery with a comedic twist. The cast of 11 was made up of mostly seniors with a few underclassmen. Each student brought their own unique talents to the production.

The cast and crew worked very hard every day after school. Even though they spent a lot of time working they also had many good times as well. No one will forget the time at a dress rehearsal when Aaron Seybert tripped on the stage while carrying an open box of chocolates. He fell and the chocolates went everywhere!

I am sure this year's play will remain in the memories of many of the cast members and students who came to watch it. This play will be especially memorable for the graduating seniors. The drama will have many successful productions for years to come.

Left: The entire cast of "Death by Chocolate" takes a final bow at curtain call. Their first performance proved to be a huge success.

Below: Matt Bellingher attempts to comfort the panic stricken resort nurse also known as Ellyn Seestedt.

Right: Leslie Jackson sticks out her tongue and shows Mike Chase how red it's gotten from eating her sucker.

Junior/Senior Banquet

This year's banquet theme was perfect for spring. It was an ice cream social.

The students were treated to ice cream topped off with chocolate, colored sprinkles, cherries, and everything else you can imagine. After the students ate, they were ready for the entertainment. All the kids had a great time as they watched some of their classmates get hypnotist.

After that, the Juniors organized a game show called "Most Embarrassing Moments." Everyone had a good laugh.

Left: Leslie Jackson tries to catch some more students laughing. Leslie was the proud laugh cop for the night. Hey, can you see where you're going??

Spirit Week 1998!

Spirit Week 1998 was a great success. Many students participated and everyone had a great time.

Monday was the most comfortable day of the year, pajama day. Tuesday was a fashion designer's nightmare because it was mis-match day. Wednesday, disco day, had everyone going through their parents' closets. On Thursday, spirit day, everyone was seeing red (and white), and on Friday everyone had to dress up due to the Homecoming Mass.

"Spirit week was fun. It gave all the students a chance to express themselves."

-Becky Rademacher

"Even though I didn't participate very much, I still had fun watching other people dress up."

Dance Fever

"The decorations were very sly. It was fun, I can't wait until next year!"

-Luke Verwey
Sophomore

The 1998 homecoming dance was held at the Holiday Inn Hotel on Pickard Street in Mt. Pleasant. The festivities started at 7:00 p.m. As you entered through a door-way of curtain beads, the 90's were soon forgotten and guests entered into a 70's disco celebration. Accenting the walls were white

Christmas lights and miniature disco balls hung from the ceiling. The tables were decorated with confetti and a glass dish filled with bubble solution. Rush Entertainment provided a fog machine that was short lived after accidentally setting off the fire alarm. The night will surely be

memorable for all students, especially the senior class of '99. The memories of this years Homecoming dance will last longer than the festivities which ended at midnight.

CLUBS AND ACADEMICS

As if the years spent in high school weren't busy enough for most students due to school, work, and our social activities, there is always more for us to do. Many of our students take extra time out of their busy schedules to take part in school-sponsored activities. Sacred Heart Academy offers its students plenty of opportunities to increase their leadership potential by joining clubs such as BPA, National Honor Society, Student Government, Natural Helpers, SADD, Choir, and Drama. The following section takes a look at these clubs, as well as the main focus of our high school career: Academics.

LEFT

Hit Me With Your Best Shot!

ATHLETICS

Winners take chances, like everyone else, they fear failing. Winners don't give up. When life gets rough, they hang in until the going gets better. Winners are flexible, they realize there is more than one way and are willing to try others. Winners know they are not perfect, they respect their weaknesses while making the most of their strengths. Winners fall, but they never stay down. Winners accept responsibility for their lives. Winners are positive thinkers who see good in all things. From the ordinary to the extraordinary, Sacred Heart Athletes are winners!

Angie Trainor, Stephanie Carlson, and Callie Burkholder gear up for the next set during a Junior Varsity Volleyball game.

J.V. Girls Basketball

"True to your HEART"

Sacred Heart Junior Varsity Girls had a very successful season. After the last game, the girls left Hale's gym with a great record of 16-2. This was a pretty great season for a group of 9 young athletes who came together and did well, despite a lack of experience.

Although there were only 2 sophmores on the team, Anna Groves and Mary Galgoczi, they put a lot of effort in for their team.

The rest of the team consisted of Lisa Abraham, Maureen Campbell, Katie Schilling, Michelle McQuaid, Ashlee Olson, Vicki Krcmarik, and Jenna Hutchinson.

As a team, these girls worked great together. They took on the other teams with determination and skill and ended up with a winning record. These girls came together to form one heck of a team.

Putting The Pieces TOGETHER

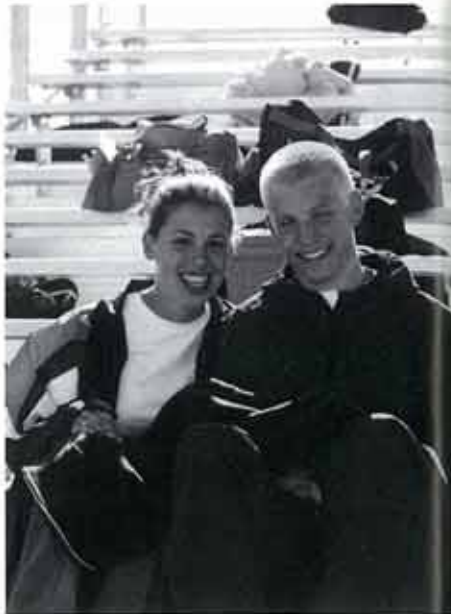

"Hello, I'm a member of the Sacred Heart yearbook staff. Would you like to purchase a yearbook ad?" This is often heard by local merchants in the beginning of the year to help raise money to produce the yearbook. The following pages contain advertisements sold. Our goal this year was to raise 5,000.00 dollars. The businesses know that it is beneficial for them to advertise in this book. It helps increase their sales, because many people see these ads. But without these businesses, we would not have this yearbook. They extremely cut the cost of the price of this book for everyone to buy. So we say "Thank you" to all who contributed to the production of the 1998-1999 Cor Jesu.

Below: Vicki Kremerik and Matt Craven are hard at work, preparing pages for the 1998-99 edition of Cor Jesu.
