**"Through the Wish List, we received a new kiln. Our old one didn't have the settings to properly fire students' ceramic projects, and sometimes one of them would blow up. It was disheartening to tell a student who worked so hard, and was proud of his/her work that it was destroyed. I am grateful for a new electronic kiln with multiple settings so this won't happen anymore!"**

**—Sarah Chaffee, K-12 Art Teacher**
