

THANK YOU *WISH LIST DONORS*

This year some big-ticket items were gifted to the Academy courtesy of Wish List donors, including a new electronic kiln for pottery, cafeteria equipment for food delivery, and several new instruments for band and music use. In addition, during a year with mandated restrictions and special precautions, Wish List donors came through in a big way to help Sacred Heart Academy provide sets of novels for every member of the class, individual storage solutions for elementary students, additional ocular microscopes for the STEM Lab, and, as always, items and resources to make learning engaging and fun. Total donations for 2020-21 were nearly \$24,000, which brings our five-year Wish List total donations to \$134,733. Thank you to the following donors:
